

COMMERCIAL LIGHTING PRODUCT CATALOGUE

There is no argument that people do business with companies they like and trust. Intrinsix instills trust and loyalty among our customers by simply serving them with the right solutions.

Intrinsix was launched in 2018, initially selling only wiring devices, but quickly expanded into high quality and affordable lighting solutions at the request of our quickly-growing customer base. By listening to customer demand, we not only developed trust, but we created genuine relationships with our clients. We have made it part of our company culture to always seek new and valuable ways that we can serve our customers by adding value through saving them money, and providing a level of service second to none.

After a few years of experience and a lot of R&D, Intrinsix has built a full inventory and staff to better serve the marketplace. We stock solutions for commercial, industrial, residential, specialized and customized lighting, plus everything from basic wall switches to sophisticated PoE, IoT and wireless Bluetooth lighting control systems. Whatever your need, Intrinsix has the background experience, availability and buying power to suit all of your lighting requirements.

# AURORA

# LINEAR LED HIGH BAY LIGHT

# Description

Intrinsix AURORA Led High Bay Lighting is capable of providing lighting to spaces with ceilings higher then 20Ft with high lumen output. These areas would include airport hangers, factories, and school gyms.

AURORA LED linear high bay lighting produces a wide light distribution allowing for greater range. It also gives you the freedom to control the brightness with the integrated Advanced Lighting Control.

With a lifespan of over 50,000 working hours, the AURORA LED lights are a perfect replacement for traditional fluorescent lights that easily get worn out. They will work for a longer period of time with very little maintenance costs.

# **Specifications**

• CCT: 4000K or 5000K

• Dimming: 0 to 10V

• Voltage: 120 to 277V, 50 to 60Hz

• Wattage: Selectable

• Efficacy: 140Lm Per Watt

• Operating Temp: -22°F to 122°F

• IP Rating: IP20

• Power Factor: >0.90

• DLC Listing: Premium

• Lifetime: 50,000 hours

• Warranty: 5 years

# STRATA TROFFER LIGHT

# Description

IntrinsiX STRATA Series sets the new standard for all LED Troffer Lighting. It offers 3 field selectable color temperatures: (3500K, 4000K, 5000K).

The STRATA also offers 3 field selectable wattages (24W/36W/45W) making the STRATA the best option for new construction or renovation.

The Intrinsix STRATA has several advantages over conventional lighting sources, including low maintenance and blending into the ceiling.

These lamps are also less prone to glare than other lighting sources. These are especially helpful in a location with a dropped ceiling like office spaces, basements and garages.

### **Specifications**

• Voltage: 120V to 277V

• Ultra Thin Design: 2.16in (55mm) height

• Efficacy: 130Lm/W • Dimming: 0 to 10V • Power Factor: >0.90

# ASTRAL

# LED TROFFER RETROFIT

# Description

With an integrated PIR Sensor, the IntrinsiX ASTRAL LED Troffer Retrofit offers options for Bluetooth mesh system or occupancy, with both having daylight harvesting.

Auto CCT changing by customized setting helps the user to be in control of the energy usage.

The IntrinsiX ASTRAL allows for easy installation using existing housing of most 2x4 or 2x2 fixtures.

With the two different integrated sensor (Bluetooth NLC or Occupancy PIR), you are saving money with an upgrade instead of changing the whole fixture.

**LED SHOEBOX** (AREA LUMINAIRE)

## Description

The IntrinsiX COMET combines the duo of architectural form and versatility to make it an excellent choice for new construction or for retro-fit applications. It is offered in a variety of wattages (100/150/180/240/300) allowing for maximum flexibility in all types of applications.

The high output LEDs and custom engineered optics provide excellent uniformity and efficiency, meeting DLC qualifications. It is designed to replace the existing HID fixtures up to 1000W.

## **Specifications**

• CCT: 5,000K Selectable

• Dimming: Optional

• Voltage: 100 to 277V, 50 to 60Hz

• Efficacy: 130Lm Per Watt

• Operating Temp: -40°F to 131°F

• IP Rating: IP66

• Power Factor: >0.95

• DLC Listing: Premium

• Lifetime: 50,000 hours

• Warranty: 10 years

# ECLIPSE SEMI

SEMI CUT WALL PACK

The ECLIPSE LED Semi Cut Wall Pack is the best in its class for power efficiency when it comes to wall-mounted security. They are great for a range of commercial applications including parking lots, shopping malls, hospitals, walkways, and any other outdoor areas in need of adequate lighting. With the use of the IntrinsiX ECLIPSE cut off wall pack lights, you get the incredible power of LED lights combined with the sturdy construction needed for outdoor lighting.

The ECLIPSE provides security lighting with control over the energy efficiency with its integrated Photocell capabilities. These security lights are more economical, replacing the HID or HPS lights, consuming less electricity and giving you even brighter lighting compared to conventional lights.

# SOFCAN **CANOPY RETROFIT**

## Description

Intrinsix's SOFCAN Canopy Retrofit is the perfect choice when considering retrofitting your existing canopy soffits as well as many other canopy applications such as drive-throughs, loading docks and store fronts.

This unique system comes wattage selectable (20W/30W/40W) allowing for user friendly operation. Standard 15"x15" beauty plate makes for a smooth and seamless retrofit.

## **Specifications**

• Beauty Plates: 12in/15in/18in/24in

• Color: 5000K

• Voltage: 120V to 277V • Efficiency: 140Lm/W

• IP Rating: IP65

• Frosted Lens

• DLC Premium

• Lifespan: 50,000 hours

• Warranty: 5 years

# PIR SENSOR

SIDE MOUNT

## Description

Side Mount PIR Sensor can be mounted into a ½" NPT knockout on most indoor lighting fixtures and offers multi-level control based on motion and daylight contribution.

Most commonly used in indoor high and low bay lighting applications.

# **Specifications**

- Detection Zone / Angle: Low Bay Lens: Maximum coverage 48' dia. from 8 to 20' height / 360°
- Detection Zone / Angle: High Bay Lens: Maximum coverage 60' dia. from 8 to 50' height / 360°
- Voltage: 120V-277V 50/60Hz
- Mounting Height: Low Bay Lens 8 to 20'
- Mounting Height: High Bay Lens 8 to 50'
- Operating Temp: -40°F to 167°F
- Fixture Compatiblity: A51, CL, HBL, LSL2, PGC and PGR Series
- UL listing: UL773A
- Warranty: 5 years
